DEDICATION

Sandy Spina

We, the Class of 1988, would like to thank Mr. Sandy Spina for his many years of hard work on the farm crew. His dedication and determination have enriched our years at the Aggie. We would like to express our thanks and our well wishes for an enjoyable retirement.

We proudly dedicate this yearbook to Sandy Spina.

The class of 1988 would like to extend their sincerest thanks to our advisors, Mr. Barbeau and Mr. Raucci. Not only were they our teachers and our advisors, but were our friends as well. They gave us that little push in the right direction that made the class of 1988 one of the best senior classes ever. Their support and friendship will not be forgotten!

Administration

To The Class of 1988

I will always have special memories of your class, for you are the last group of students that I had as a teacher. Also, you are the most enthusiastic, school-spirited class that I have seen in a long time. Your dedication, class activities and projects have brought a new spirit to our high school and have influenced the classes that follow you. I am grateful to each of you and to the leadership given to you by your class advisors and officers.

Collectively, you have been a very successful class of which I am very proud. I am sure that each one of you will find individual success in the future, and I hope that your education and experiences here will be a basis for that success.

MEMORIAM

RAYMOND F. POTTER 1930-1988

It was on Tuesday, February 23, 1988, that we lost our director of 14 years. Raymond F. Potter was more than just a director, he was one of the Aggie's best friends.

Mr. Potter started at the Aggie in 1956 as a related subjects teacher, football, and basketball coach. In 1965 he moved to the position of education manager. He then became our director, in 1974, a position that he held for 14 years up to his death this year.

During the past 4 years at the Aggie, he devoted a lot of time and effort into updating and bringing the Aggie into the 1980's. Some of the things we may remember most were his efforts to give us a new horse arena and horticulture building. He was also very active in the new county jail site selection issue, always having the Aggie's best interest at heart.

It was stated by a teacher that the Aggie has lost more than just a director, it has also lost a good friend.

As I look back over the many times I spent in his office talking about the Aggie, I can't help but think that the void created by his death will be hard to fill.

Ray Potter loved this school. It and all it's students stood for were very much in the forefront of his mind.

Mr. Potter leaves his wife, Antoinette, and 2 sons, Michael and Steven.

DENNIS L. WRIGHT
STUDENT MEMBER OF THE BOARD OF TRUSTEES
SHELBY D. PEARSON
TREASURER OF THE ESSEX CHAPTER SADD

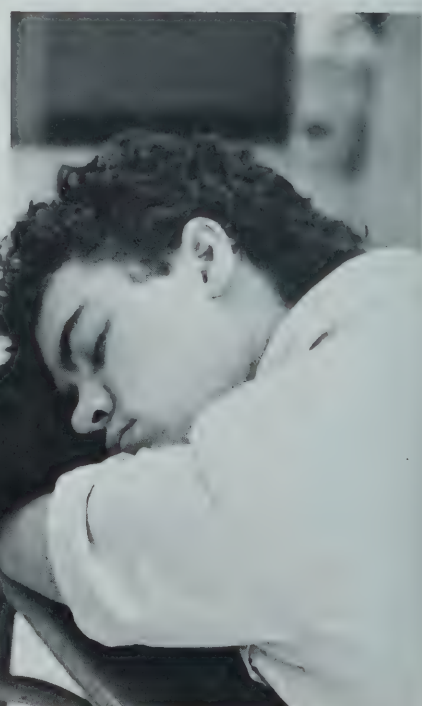

Every year the yearbook committee asks the director to write a few words for the yearbook. Mr. Potter wrote this to the class of 1988 just a few months before his death.:

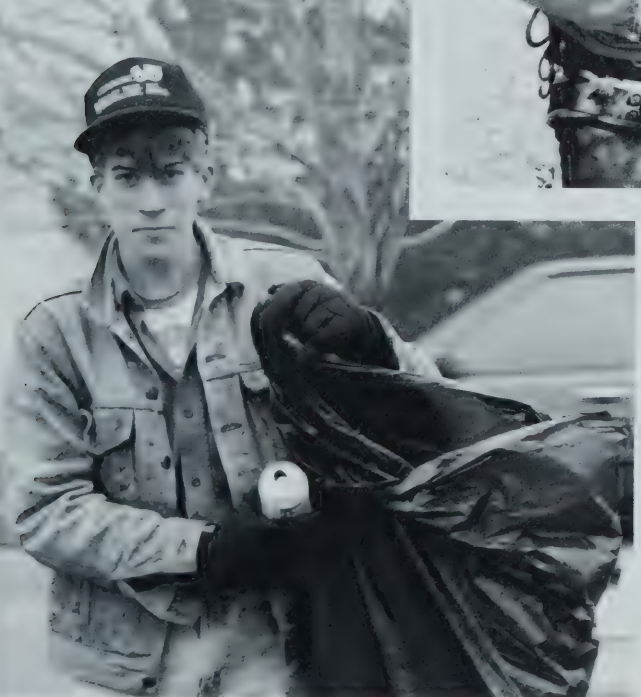

It is my pleasure to contribute in some small way to the yearbook for the class of 1988.

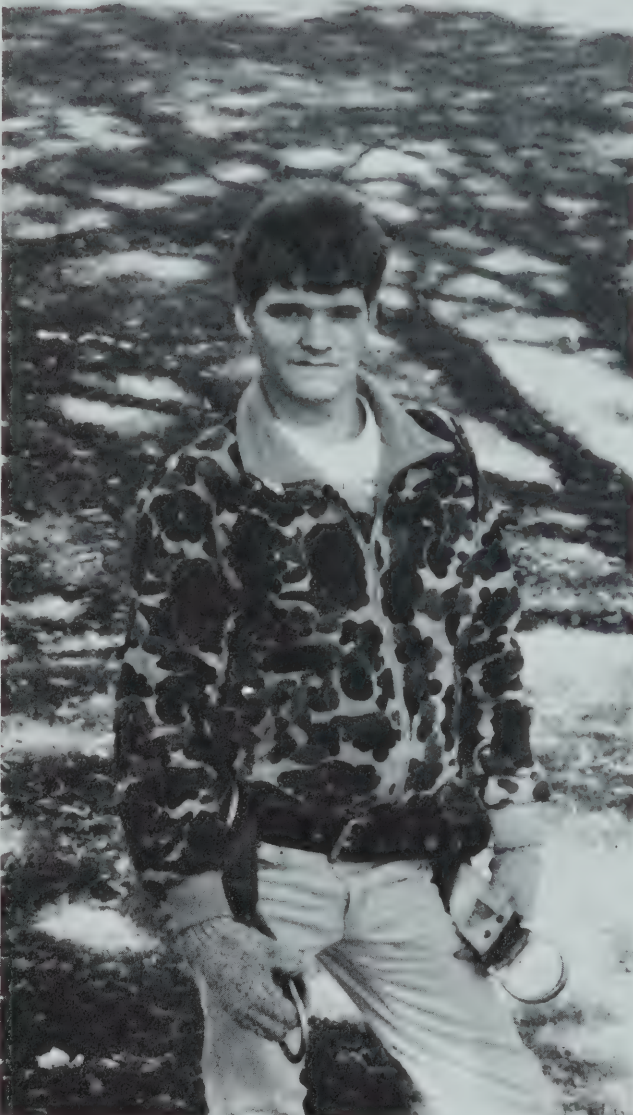

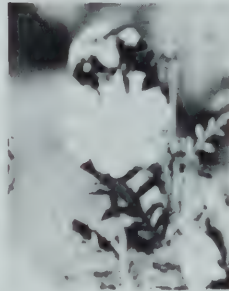

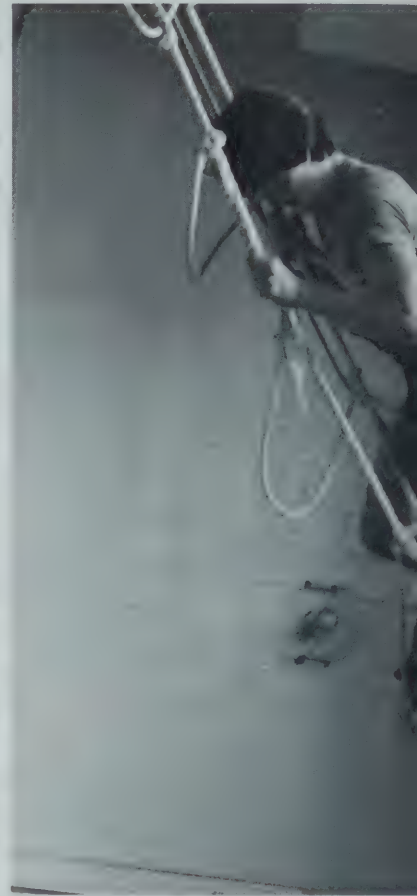

I know that since entering as freshman you have all experienced changes, adjustments, and progress. All of these have allowed you to expand your horizons and work toward your individual goals for the future. I am sure that the education you have received at this school will serve as a firm foundation for your future accomplishments.

I wish you well!!

STUDENTS AGAINST DRIVING DRUNK

THE PURPOSE OF STUDENTS AGAINST DRIVING DRUNK

The purpose of the SADD program is to organize students from across the country to combat the No. 1 killer of their age group — death due to drinking and driving. SADD educates students concerning the problem of drinking and driving and helps each student become aware of the alcohol problems as they exist on the local, state and national levels.

THE SADD FACTS ABOUT DRUNK DRIVING

- One-quarter of a million Americans have lost their lives in alcohol-related auto crashes over the past decade — an average of 25,000 traffic fatalities each year.
- 700,000 Americans are injured each year by intoxicated drivers.
- The DWI problem creates an estimated economic cost to society of over \$5 billion annually.
- Thousands of teenagers and young adults lose their lives each year in drunk driving incidents and 40,000 are injured.

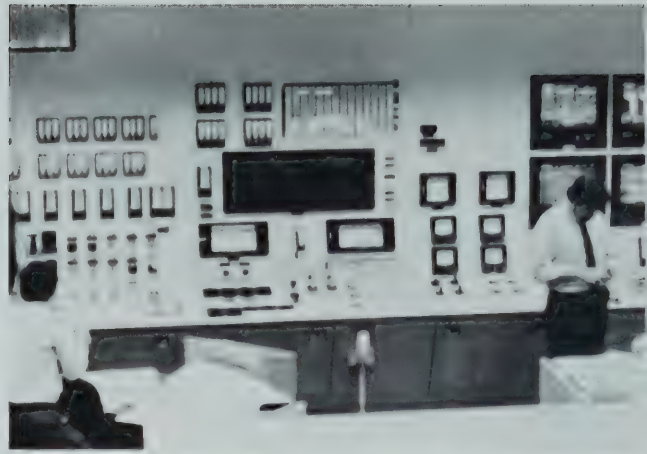

SADD GOALS

SADD has four goals:

1. to eliminate the drunk driver and save lives.
2. to alert high school students to the dangers of drinking and driving.
3. to conduct community alcohol awareness programs.
4. to help organize peer counseling programs to help students who may have concerns about alcohol.

THE SADD PROGRAM

A very important part of the SADD program involves a contract entered into by parents and students. Students pledge to call parents for advice or transportation at any hour, from any place, if they are ever in a situation where they have had too much to drink or if the person driving has had too much to drink. The parents, in turn, agree to provide transportation home, or taxi fare home, at any hour, or any place, with no questions asked or argument given. Discussion at a later time, of course, would be appropriate. In addition, parents agree to seek safe, sober transportation if they, or the person driving them, have had too much to drink.

It takes one tough Partner to cut the biggest jobs down to size.

If you're a professional woodsman, a weekend lumberjack, or anything in between, you need a Partner chain saw.

Every Partner chain saw is built to exacting, professional standards and specifications. For safe, smooth, and powerfully fast performance professional woodsmen expect.

Any Partner gives you high power to weight ratio, for greater performance with less fatigue. Exacting precision design. And proved in the forest reliability.

Our exclusive, fully transistorized Ignitron ignition system shrugs off dirt and moisture, for faster, easier starts all the time.

And, Partner's unique simplicity plus worldwide network of over 10,000 service centers will get your saw working quickly, if anything goes wrong.

See your Partner chain saw dealer before you take another cut at anything. Because a Partner can make you more of a pro.

You're more of a pro with a
